
Robert McConnell
President
WAY-2C
14 Stevens Terrace
Arlington, Massachusetts USA
Telephone: +1 (781) 641-0605
Email: rkm@way2c.com

Dr. McConnell received a B.S.E from Princeton University, M.A.Sc. and Ph.D. from the University of Toronto. Past positions include Director of Research, Wayland Research, Inc.; Technical Staff, Arthur D. Little, Inc.; Visiting Professor, University of Rhode Island and President, Earth Sciences Research Inc.

Professional interests focus on statistical pattern recognition methods for color, hyperspectral, and other images. They include development of WAY-2C, a color machine vision software system for inspection and process control, used in such industries as automotive, food, recycling, wood products, and high level nuclear waste disposal.

He is the author of over 35 professional papers, and two comprehensive pattern recognition patents. Memberships include AIA, SME, SPIE, ASPRS and the steering committee of the Boston Chapter of the IEEE Robotics and Automation Society.
